INCOME STATEMENT

There were no results of discontinued operations (relating to the construction and piling segment) for the current quarter ended 31 December 2011 as the Disposed Group was disposed off in December 2010. In accordance with the FRS, the results of the Disposed Group for the previous corresponding quarter ended 31 December 2010 are excluded from the income statements of the Group for the previous corresponding quarter ended 31 December 2010 and presented separately as "Discontinued Operations".

(i) Continuing Operations

Current Quarter Ended 31 December 2011

The Group's revenue for the current quarter ended 31 December 2011 was \$\$9.83 million, a significant increase by \$\$8.18 million as compared to the revenue of \$\$1.65 million in the previous corresponding quarter.

The main reason for the significant increase in the Group's revenue for the current quarter was due to the increase in the sales of housing and land development rights ("LDR") in Myanmar. In the current quarter, LDRs equivalent to a total of 43 plots of land were sold as compared to 7 plots in the previous corresponding quarter. This resulted in the Group recording revenue generated from sales of LDRs of \$\$7.71 million in the current quarter as compared to \$\$1.25 million in the previous corresponding quarter. In addition, the Group also recorded revenue from sales of housing of \$\$1.44 million, which included mainly revenue from its condominium development, Lakeview Apartments, recognized based on percentage of completion basis. There was no such development in the previous corresponding quarter.

Revenue from the Group's project management and design team (segmented as "Construction related activities") increased to \$\$0.42 million in the current quarter as compared to \$\$0.19 million in the previous corresponding quarter. The increase was due to new project management contracts in Myanmar that were secured in October 2010 while there was no new contract in the previous corresponding quarter.

In the current quarter, the Group also recognized revenue amounting to \$\$0.23 million from its automobile business. This was a new business the Group entered into in December 2010 and hence there was no such revenue in the previous corresponding quarter.

Gross profit margin was 25.7% in the current quarter as compared to 29.0% in the previous corresponding quarter. The lower margin in the current quarter was mainly due to additional cost incurred for one of the Group's residential developments in Myanmar.

Other operating income remained constant at \$\$0.11 million in the current quarter as compared to \$\$0.10 million in the previous corresponding quarter.

Administrative expenses increased slightly by \$\$0.06 million to \$\$1.02 million for the current quarter as compared to \$\$0.96 million for the previous corresponding quarter mainly due to higher salary and interest cost.

The Group recorded its share of loss from associated company, Winner Sight Investments Limited ("WSI") of S\$0.10 million in the current quarter compared to S\$0.01 million of loss recorded in the previous corresponding quarter.

As a result of the significant increase in the sales of LDRs and housing, the Group recorded a net profit attributable to shareholders of S\$1.36 million for the current quarter as compared to a net loss attributable to shareholders of S\$0.47 million for the previous corresponding quarter.

(ii) Discontinued Operations

Current Quarter Ended 31 December 2011

There were no results of discontinued operations for the current quarter ended 31 December 2011 as the Disposed Group (relating to the construction and piling segment) was disposed off in December 2010.

BALANCE SHEET

The net assets attributable to the equity holders of the Company increased to \$\$137.01 million as at 31 December 2011 as compared to \$\$130.37 million as at 31 March 2011. This increase in net assets was mainly due to net profit attributable to shareholders amounting to \$\$3.94 million that was recognized for the 9-months period ended 31 December 2011. In addition, the Group's net current assets improved significantly to \$\$15.85 million as at 31 December 2011 as compared to net current assets of \$\$2.28 million as at 31 March 2011, mainly due to realization of non-current assets, the LDRs, to cash balances.

Following the Proposed Restructuring of the Group's interest in WSI, investment in WSI was reclassified as "Disposal Group Classified As Held for Sale" in the balance sheet. Investment in WSI increased to \$\$36.32 million as at 31 December 2011 as compared to \$\$33.30 million as at 31 March 2011. As at 31 December 2011, the total cost of investment in WSI comprised of cost of acquisition of shares of \$\$3.05 million and post acquisition reserve of \$\$16.24 million, which includes negative goodwill of \$\$2.60 million. Shareholders' loans to WSI amounted to \$\$17.03 million, net of exchange differences arising from revaluation.

Prepayments and operating rights recorded in the subsidiary, Plantation Resources Pte Ltd ("PRPL"), amounted to S\$20.64 million as at 31 December 2011.

LDRs decreased from S\$73.40 million as at 31 March 2011 to S\$63.36 million as at 31 December 2011. The decrease during the current period was due to sales of LDRs. As at 31 December 2011, the remaining balance of LDRs is as follows:-

	Square feet ('000)
Pun Hlaing Golf Estate	5,837
FMI – Orchid Garden	1,344
Evergreen	306

Property under development increased to S\$6.84 million as at 31 December 2011 as compared to S\$2.57 million as at 31 March 2011. The increase was due to new residential development projects in Myanmar by the Group's subsidiary, SPA Project Management Ltd.

Inventories as at 31 December 2011 amounted to S\$2.09 million and comprised mainly the DongFeng light trucks and materials for use in residential development projects.

Trade and other payables as at 31 December 2011 increased to \$\$8.56 million as compared to \$\$3.49 million as at 31 March 2011. The increase was mainly due to (a) funds received on behalf of the Fontana project amounting to \$\$2.25 million (b) amount owing to related party amounting to \$\$1.11 million for purchase of land lots in PHGE where the related party has a 30% interest and (c) purchase of Dongfeng light trucks amounting to \$\$0.77 million.

As at 31 December 2011, the borrowing of S\$4.59 million was owing to a third party, Gifted Champion Ltd. Wyndale and the other stakeholders of WSI are in the process of restructuring WSI. An Extraordinary General Meeting will be held on 20 February 2012 to seek shareholders' approval for the proposed restructuring of the Group's interest in WSI.

CASHFLOW STATEMENT

Cash and bank balances stood at \$\$16.51 million as at 31 December 2011 as compared to \$\$2.51 million as at 31 March 2011. Included in the \$\$16.51 million cash and bank balance as at 31 December 2011 is \$\$2.25 million held on trust on behalf of the Fontana project in Myanmar. Cash generated from operations improved to \$\$5.77 million in the current quarter as compared to cash used in operations of \$\$2.18 million for the previous corresponding quarter. The improvement in cash position was mainly due to sales proceeds received from sales of LDRs in the current quarter.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

There is no material variance between the information previously disclosed in the results announcements for the quarter ended 30 September 2011 and the actual results for the quarter ended 31 December 2011.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

The sentiment in the real estate market in Myanmar continues to stay strong as can be seen from the continuous strong sales of LDRs recorded by the Group during the past 3 quarters of the current financial year. The Group's Fontana Project in Myanmar has received a very strong response. The Group will continue to augment its marketing and sales efforts to optimize sales of LDRs and houses as well as explore possible opportunities to collaborate with outside parties to achieve these goals.

On 4 January 2012, the Company announced that it is looking to pursue its right under the First Rights of Refusal Deed to acquire the LDRs in relation to Star City. The terms of the acquisitions have been agreed between the parties. Please refer to the Company's separate announcement dated 13 February 2012 for details on the proposed acquisition.

During the quarter, Myanmar Agri-Tech Co Ltd, of which PRPL is the operator, has diversified into planting black pepper, in addition to the Jatropha Curcas on the existing plantation land in Maw Tin. However, this is not expected to have any material financial impact on the Group's results for the year.

The political reforms in Myanmar have so far been viewed very positively both within and outside the country and will augur well for the country's reintegration with the global economy. With these positive sentiments and greater business confidence and optimism, the Company believes that it will stand to benefit because of its businesses in Myanmar, including real estate, project management and design, agriculture and automobile distributorship.
