#### **Income Statement**

#### Current guarter for the period ended 31 March 2010

The Group's revenue for the quarter ended 31March 2010 was \$\$4.91 million, a decrease of \$\$0.79 million compared to the revenue of \$\$5.69 million in the previous corresponding quarter. Revenue generated from the Group's construction related activities remained stable in the current quarter at \$\$3.17 million as compared to \$\$3.0 million in the previous corresponding quarter. In the current quarter, sales of land and buildings improved significantly, with revenue at \$\$1.79 million as compared to \$\$0.05 million in the previous corresponding quarter.

Gross profit for the current quarter was S\$1.63million, at a 33.3% margin on revenue as compared to 30.4% in the previous corresponding quarter. The increase in gross profit in the current quarter is mainly due to the lower machinery costs and higher margin enjoyed by the construction segment.

Administrative expenses (which formed the main part of the operating expenses under review) decreased to \$\$1.11 million for the current quarter compared to \$\$1.91 million for the previous corresponding quarter. The administrative expenses in the previous corresponding quarter were higher mainly due to higher exchange losses and an adjustment of amortisation expenses as a result of an upward revaluation of the operating rights.

The Group recorded its share of profit of associated company of S\$1.29 million in the current quarter which is an increase as compared to its share of loss of S\$0.55 million in the previous corresponding quarter. This increase is mainly due to the revaluation surplus being recognized by the associated company in the current quarter for this financial year whereas the revaluation surplus for the previous financial year was recognized in the quarter ended 31 December 2009.

As a result, the Group recorded a net profit of S\$1.64 million for the current quarter as compared to a net loss of S\$1.43 million for the previous corresponding quarter.

### Financial year ended 31 March 2010

Revenue from sales of houses and land development rights for the year ended 31 March 2010 was \$\$3.19 million compared to \$\$0.6 million in the previous year. The increase was due to favorable market sentiments in the real estate sector in Myanmar. The profit contribution from sales of houses and land development rights for the current year was \$\$0.8 million compared to \$\$0.04 million in the previous year.

Revenue from construction related activities for the year ended 31 March 2010 was S\$13.97 million compared to S\$13.89 million in the previous year. Revenue from this segment remained stable. Profit contribution in the current year increased slightly to S\$0.95 million as compared to S\$0.91 million in the previous year.

The Group recorded a net profit attributable to shareholders of \$\$0.52 million in the current year as compared to \$\$1.5 million in the previous year. The decrease in net profit for the current year resulted mainly from a lower revaluation surplus recorded in the associated company in the current year.

#### **Balance Sheet**

The costs of acquisition of shares in the associated company, Winner Sight Investments Ltd, comprised of cost of investments in the share capital of S\$3.58 million and post acquisition reserve of S\$7.29 million, which includes negative goodwill of S\$2.60 million. Shareholders' loans to Winner Sight Investments Ltd increased to S\$17.71 million, net of exchange difference arising from revaluation.

Land development rights decreased by S\$1.28 million to S\$79.22 million as at 31 March 2010 as compared to S\$80.50 million as at 31 March 2009, due to sales during the period.

As at 31 March 2010, the Group had lower net current liabilities of S\$0.58 million as compared to S\$1.12 million as at 31 March 2009, which resulted mainly from the increase in the sale of non-current assets, i.e. land development rights.

#### Cashflow Statement

During the current quarter, the Group generated \$\$1.01 million of cash from operating activities and cash and cash equivalents increased by \$\$0.45 million as compared to beginning of the current quarter. As at 31 March 2010, the Group had cash and cash equivalents of \$\$2.80 million.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

NA.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

Sales of land development rights in Myanmar showed a higher level of activity during the financial year. We expect this trend to continue into the latter part of this year.

Despite the global financial crisis, the real estate market in China experienced unexpected buoyancy resulting in significant upward price movements. The Central Government has since implemented various measures to curb overheating of its property market in China. However, these measures have not materially affected the second and third tier cities in which we operate or intend to operate.

The Board has embarked on a strategic review of the different businesses of the Group with a view to positioning itself for future sustainable growth.
